

Irish Life
Marathon
2022

The Irish Life Dublin Marathon returns in October 2022!

Entries are now closed for this sold-out event, we are delighted to announce that Diabetes Ireland has just secured another three exclusive golden tickets. These are the FINAL tickets for this **SOLD OUT** event.

Known as the friendly marathon, this journey goes far back as 1980 when it first started with 2,100 runners and grew to record numbers of 25,000 over the last number of years.

This event is a single lap course starting and finishing in the centre of Dublin which makes for an exciting run with new sights to see at every mile.

The fundraising pledge is €1,500 and we will support your journey along the way. These vital funds will go towards supporting our helpline, education services, and family support, and together we can make a difference. Contact 01 8428118 or email info@diabetes.ie
